Vista Pointe Architectural Systems, LLC proposes to furnish to following by materials, FOB Gilbert, AZ unless otherwise noted.

- Fabricate a 4 -panel pocketed multi-slide system including clau Eagle Ascent French slider door panels, sill, side jambs & head.
- Flushtrack system is NOT water resistant.
- Price includes interior & exterior flush-pull handles, heavy-duty rollers & track hardware including pockets.

**TOTAL PRICE:**(items on this page excluding Options)

**TOTAL PRICE** includes Shop Dwg's & Crating Materials

**OPTIONS:** (add to Total Price)

Option 1:

Option 2:

11.

**Note 1:** The WeatherTrak™ sill system provides wet weather performance in wind-driven rain conditions up to 30mph. It is a very low-profile sill that cannot offer the weather resistance of a conventional bump or stepped threshold. If harsh weather conditions are anticipated or the door system is very exposed, either a more conventional door system should be considered or a protective step should be designed into the flooring or slab to manage water ingress.

**Terms:** 50% deposit at time of order (10% non-refundable). 40% due prior to shipment, 10% 10 days after delivery.

**NOT INCLUDED:**

- Federal, state, and/or local sales or use taxes
- Installation (unless otherwise noted)
- Touch-up or repairs resulting from installation
- Field measurements
- Review of general conditions
- Mock-ups
- Insect screens or screen doors (unless Noted)
- Final cleaning
- Storage and/or protection of material on the jobsite

Written acceptance of this proposal shall constitute a valid and binding contract between the parties hereto, their heirs and assigns. Buyer hereby accepts the proposal and all terms and conditions stated on the face and reverse side of this sheet. This proposal is subject to acceptance within 30 days from the date hereon. No changes are to be made to this proposal or any terms and conditions unless expressly agreed to in writing, by Vista Pointe Architectural Systems, LLC.

## How To Read A Vista Pointe Quote

1. Quote Number: please refer to this number if you have any questions
2. Customer information: company/dealer name, contact person, date quoted
3. System configuration description
4. R.O. requested by dealer
5. NFD (Net Frame Dimension). Outer periphery dimensions of VP system. Usually ½” less than R.O. in both width & height.
6. Panel Size required to generate NFD in configuration requested
7. # of panels in system
8. Exterior clad finish requested
9. Interior wood species & finish (if requested)
10. Price: price per system is shown; then extended for multiple systems (if requested). Note: extended price is not a simple multiplication of Qty x Amount Ea System. Price includes a shop drawing fee but we only charge that fee one time for multiple systems that are identical. The extended price is carried down to the Total Price in the **Yellow Box** in the center of the page.
  - a. Total price is our Net price to the dealer and includes:
    - i. Panels, all required hardware, tracks & matching cladding to assemble a complete system.
    - ii. Door holds & hold-back magnets for bi-fold systems
    - iii. Full assembly of every system in our shop prior to knock-down and shipment
    - iv. Crating & packaging materials for shipment to dealer
    - v. CAD generated complete shop drawings
    - vi. Installation instruction handbook
  - b. Total price does not include:
    - i. Handles set if required for bi-fold system daily-use door (but does include multi-point lock for daily-use door
    - ii. On-site installation
    - iii. Shipping cost to dealer location
11. Options not included but sometimes requested. Unless otherwise requested, Multi-Slide (MS) systems are quoted with our standard FlushTrak™ sill and our WeatherTrak™ sill is offered as an option. Also, MS systems can be automated so this option is usually shown.
12. The dimensions shown on the Quote are approximations and should not be used for construction. Detailed construction shop drawings will be provided when the system(s) is ordered.
